

# HEY-O! JESUS

ACTIVITY | LESSON 4

## SINK OR FLOAT?

In this activity, the children will have fun identifying what items will sink and what will float. This will remind them that Jesus walked on water in the Bible story. It sounds impossible, but it was real and true. We can believe in Jesus and believe that he loves us!

### DIRECTIONS

#### PREP

1. Fill a deep plastic bin or container with water.
2. Gather various objects that will sink or float.
  - Rock, leaf, cotton ball, crayon, toy car, LEGO, dry pasta, etc.
3. Gather the bin with water and the objects for the leaders on a table or protected surface.

#### PLAY

1. Gather the kids around the bin of water.
2. Begin by explaining, *We have been talking about how Jesus' stories show us that we can believe. This week's story was about Jesus walking on water.*
3. Ask, *Did Jesus sink or float on top of the water?*
4. Hold up one object at a time, asking the kids if they think it will sink or float. Encourage them to yell out their answer.
5. Place each item in the water to see what happens. Repeat with each item.

### SUPPLIES NEEDED

Bin or  
container

Various  
objects that  
will sink or  
float

Water

### BIG IDEA

**Jesus' story shows me I can believe.**
