

MY FRIEND JESUS

CRAFT | LESSON 3

AMAZING JESUS

This week, the children learned that Jesus shows us how amazing he is. Kids will use this craft to create their own *transfiguration* of Jesus to remember the Bible story. They can remember that Jesus showed his friends how amazing he is. Jesus can be our amazing friend, too.

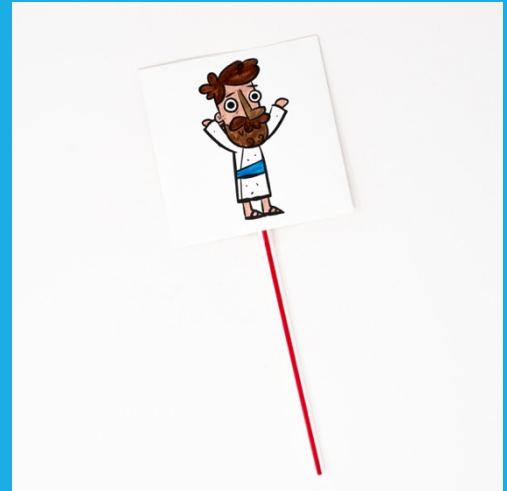

DIRECTIONS

PREP

1. Print out the Transformation stick printable.
2. Cut out the printable along the dotted lines.
3. Gather straws, crayons, tape, and Transformation Stick printables.

MAKE

1. Explain to the kids that they will be making their very own craft that will show a picture of Jesus' big change from today's Bible Story.
2. Pass out the printables to the kids.
3. Allow time for kids to color the two parts of the story. Remind them to only color the pictures and not in the other spots.
4. Help the children fold printable in half along the solid line, sandwiching the straw.
5. Secure the sides closed with tape to minimize air getting between the paper.
6. Show the kids how to spin the straw quickly between their hands. As they do, they will see that spinning the straw quickly makes the two images look like one scene.
7. As the kids create their craft, discuss the talking points and remind them about the Bible story.

SUPPLIES NEEDED

Transformation
Stick
printable

Scissors

Straw

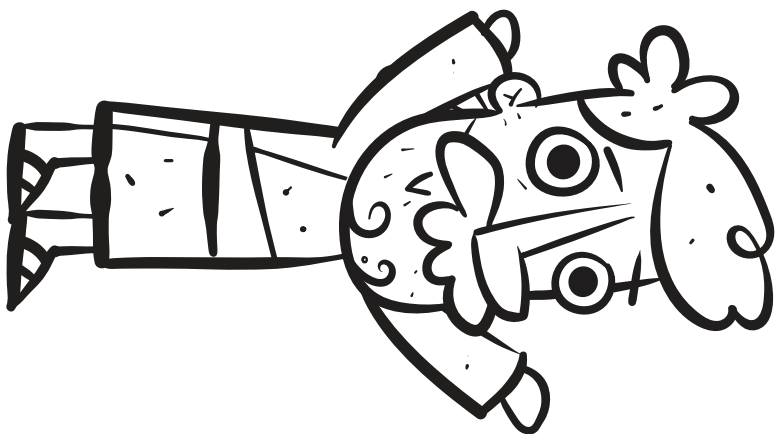

Crayons

Tape

TALKING POINTS

- Who is in the picture?
- What did Jesus show his friends in today's Bible story that we can remember from our craft?
- What is something you love about Jesus?
